

EXPLORING JAPANESE MODERN SOCIETY IN GUNMA

7-20 JULY 2020 SUMMER PROGRAMME AT GUNMA UNIVERSITY JAPAN

Programme Concept

Gunma prefecture, which has rich beautiful natural environment and specific industries, is located in the center of Japan. However, as well as in other regions in the country, Gunma is confronting many social issues and challenges, such as natural disaster, lifestyle-related diseases, multicultural coexistence and the succession of traditional culture. Therefore, in this programme, the participants from all around the world will be invited to discuss those social issues affecting Japan and think about possible solutions by learning Gunma's society, people, natural environment and culture and experiencing new local projects in regional revitalization. As for the courses and schedules, please see application information.
